178 ° wide viewing angle

The traditional advertising machine only has a viewing angle of 120 ° -140 °. Dingchuang double-sided advertising machine has a viewing angle of 178 °, a larger viewing angle, so that viewers can clearly watch no matter which angle they stand.

Display by time period

The advertising machine supports customized program display and display by time period, as well as the customized switch-on / off time of the device.

- 06:00 Regular start
- 07:00 Breakfast
- 12:00 lunch poster
- 15:00 Afternoon tea
- 18:00 dinner poster
- 22:00 Timed shutdown

Remote operation

The double-sided advertising machine comes with an operating platform, which can be remotely operated through computer, mobile phones, Ipad and other network equipment, and real-time advertising information is released, which is more convenient and faster.
