无锡钢钢不锈钢有限公司

WUXI SDO STAINLESS STEEL CO., LTD

12 YEARS EXPERIENCE FOR STAINLESS STEEL COIL AND SHEET

. 10 Years Production Of Stainless Steel Precision Strip

. 8 Years Stainless Steel Metal Fabrication NO.1

Company Profile

Wuxi SDO Stainless Steel Co., Ltd. was established in 2007. It is located in New South Stainless Steel Market, Fangcheng Road, Xinwu District, Wuxi City, Jiangsu Province, with convenient transportation and abundant resources . The standing inventory includes stainless steel plates, stainless steel coils, stainless steel pipes, stainless steel angle steel, channel steel, H-beam steel, stainless steel round bars, square bars, and flat steel. The monthly sales volume is 5,000 tons. We have a 800-square-meter processing workshop, with 2 sets independent sheet laser cutting equipment, 1 set tube laser cutting machine, 2 sets bending and welding production lines, 1 stamping processing line, 6 CNC processing machine, and the monthly processing amount 20 million RMB, and continue to grow up.

The company 's advantages are rich products, complete inventory, same-day delivery, imported equipment, high processing accuracy, small tolerances, low cost, and fast delivery. Which have helped customers complete many projects and has received their continuous order support and trust.

14Years of stable development has given the company abundant resources. It has successively become core agents of Shanxi TISCO , Shanghai BAOSTEEL , Zhangjiagang POSCO, Zhejiang YONGJIN, and Jiaxing ESS. At the same time, we cooperate with Japan , Colombia, and Argentina. Large foreign steel mills such as Sylomittal maintain good cooperative relations.

Our stainless steel plates and stainless steel coils are widely used in the chemical industry, paper industry, pressure vessel manufacturing industry, electrical appliance manufacturing industry, shipbuilding industry, stainless steel pipes and profiles are widely used in factory construction , plant construction, construction site construction and other large buildings Engineering, stainless steel rods are widely used in precision processing industry, pipe production industry. Sheet metal processing and CNC machining have produced precision parts for many precision equipment such as mechanical equipment, electrical equipment, and mobile phones. Made great contributions to all walks of life. I hope we can help more customers' projects to achieve rapid development.

We hope that our continuous efforts will be recognized and satisfied by more customers.

公司简介

无锡钢钢不锈钢有限公司成立于 2007 年，位于江苏省无锡市新吴区新南方钢材市场，交通便利，资源丰富。常备库存有不锈钢板，不锈钢卷，不锈钢管，不锈钢角钢，槽钢，H 型钢，不锈钢圆棒，方棒，扁钢，月销量 5000 吨。公司有 800 平加工车间，拥有独立的板子激光切割设备 2 台，管子激光切割 1 台，折弯和焊接各 2 条生产线，冲压加工线一台，CNC 数控加工 6 台，每个月的加工额 2000 万人民币，并持续增长。

公司的优势是产品丰富，库存齐全，可当天发货，设备进口，加工精度高，公差小，成本低，交货快，帮客户完成了很多项目并得到他们不断下单的支持和信赖。

多年的稳定发展，让公司拥有了雄厚的资源，先后成为山西太钢，上海宝钢，张家港浦项，浙江甬金，嘉兴东方特钢的核心代理商，与此 同时，我们与日本，哥伦比亚，阿塞洛米塔尔等国外的大钢厂保持良好的合作关系。

我们的不锈钢板和不锈钢卷广泛的被应用到化工行业，造纸行业，压力容器制造行业，电器制造行业，造船行业，不锈钢管和型材被广泛的应用到了工厂建设，厂房建设，工地建设等大型建筑工程，不锈钢棒被广泛应用到了精密加工行业，管子生产行业。钣金加工和 CNC 数控加工为很多机械设备，电器设备，手机等精密设备生产了精密零配件。为各行各业做出了很大的贡献。希望我们能更多的帮助更多客户的项目取得突飞猛进的发展。

希望我们的不断努力能得到更多的客户认可和满意。

OUR BUSINESS PHILOSOPHY
服务宗旨

1. Rich resources
2. Fast delivery
3. Intimate after-sale

1、资源完备
2、交货快捷
3、售后贴心

We will become your best partner with rich stainless steel resources.

不锈钢卷 / 板 / 窄带 / 扁钢一站式批发零售

One-stop wholesale and retail of stainless steel Coils/Plates/Strips/Flat Bars

依托钢厂的有力支持，公司常备不锈钢卷 / 板现货库存 10 万吨以上，成为中国最大，规格最齐全的现货平台。

Relying on the strong support of steel mills, the company has a standing stock of more than 100,000 tons of stainless steel coils/plates, making it to China's largest spot platform with the most complete specifications.

严格的材质检测，尺寸检测，表面检测已经喷码和定制服务，越来越多的得到客户的满意和支持。我们坚持做最好的产品，以最好的价格，最坚固的包装和最快的速度赢得客户的每一个订单。

如果你需要在角钢上做拉丝，镜面抛光，激光切割图案，异形定制等加工，请速速联系我们的销售吧，我们精密的加工，严格的质量检测，高效的销售服务和售后服务一定会让你满意的。

Strict material inspection, size inspection, surface inspection, mark printing and customization services are becoming more and more satisfied and supported by customers. We insist on making the best products, and win every customer order with the best price, strongest packaging and fastest delivery.

If you need to do hairline brushed, mirror polishing, laser cutting pattern, special-shaped customization and other processing on angle steel, please contact our sales as soon as possible. Our precise processing, strict quality inspection, efficient sales service and after-sales service will surely make you You are satisfied.

Nice surface & ends finish
Excellent straightness

Clear & tidy printing marks

Prime material to ensure all the chmical composition meet up with the standards

Strictly controlled size tolerance According to ASTM A484 or customized standard

Our 201/304/316/316L/310S stainless steel channel bar service is the basis of cooperation, and the recognition of customers determines the stability of our long-term strategic partnership. We can laser cutting any shape and any size on stainless steel angle bar as your requirements. We also can polishing the surface of 304/316 ss steel angle bar,such as 8k mirror polishing, sandblasted surface and Brushed hairline surface.
Why choose our processing service?
1)Our processing equipment is the best in the country
2)Our engineers are the most experienced
3)Our packaging staff are the most professional
4)Our sales staff are the most patient

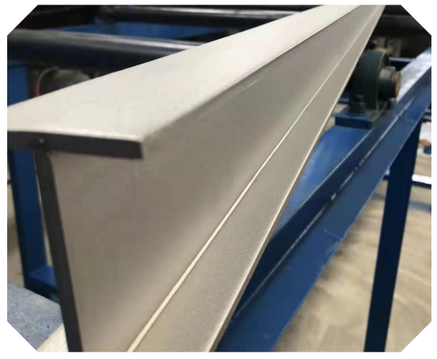
304/316L/310S Stainless Steel H-beam Bar

Currently, The straightness,parallelism and squareness of our welding H-beam bar can reach up to world class. We can contral them in minimal tolerance. We use Submerged arc welding and Laser welding to process H-beam Bar. After our sandblast or shot blasting. The surface of H-beam Bar is very flat and smooth. We can provide simply package and fine package for your choice. Besides, we can provide laser cutting special pattern, size on it. We try our best meet the needs of all customers to the greatest extent possible.



钣金加工　Metal Fabrication

越来越多的非标定制化订单让我们增加了加工服务，目前，我们有折弯，焊接，抛光，板激光切割，管激光切割，CNC 数控加工，铸件，锻件等加工服务。我们的产品被广泛的应用到了工程建筑，桥梁建筑，航空事业，汽车配件，纺织配件等。我们严格按照图纸加工定制，公差小，精密高，包装结实，发货快。

More and more non-standard customized orders allow us to increase processing services. At present, we have bending, welding, polishing, plate laser cutting, tube laser cutting, CNC machining, castings, forgings and other processing services. Our products are widely used in engineering construction, bridge construction, aviation industry, auto parts, textile parts and so on. We process and customize in strict accordance with the drawings, with small tolerances, high precision, strong packaging and fast delivery.
