SUPER BOAT

Name: Super Boat
Location: GuangZhou,GuangDong Province,China

DESCRIPTION OF SUPER BOAT

The Super Boat attracts the attention of the majority of visitors with its unique shape, elegant decoration and colorful lights. When the Super Boat is in operation, the two rotating arms swing in opposite directions around the horizontal axis, and the swing angle gradually increases to 360 °. The cabin rotates clockwise or counterclockwise along the central axis. Passengers rotates along with the spinning, as if sometimes rush to the blue sky, and sometimes fall into the deep valley. People deeply feel thrilling and exciting during the ride. Because of the strong stimulation, it usually attracts teenagers and adults who are adventurous.
