Wild quality

Fearless details

What you see is what you get

No added sugar

Refused to extract

Refused to dyeing

No sulfur smoked

Natural health

Manual pick

Natural drying

Warm prompt

1.Because our Goji berry is dry enough, it is easy to produce silt during transportation, which is a normal state, not impurity.

2.After opening the package, try to put the wolfberries in a ventilated, dry, cool, insectproof and moisture-proof place.
