DUMBO

Name:Dumbo
Location:FuYang,AnHui Province,China

DESCRIPTION OF DUMBO

Dumbo is the latest luxurious and large-scale amusement equipment developed by our factory, according to the market demand. Compared with other similar equipment, it clearly has many outstanding features. Sixteen cabins are designed as sixteen different models of small elephants jumping and walking above the water. With the beautiful cartoon modeling, Dumbo is especially attractive to children. It is also a kind of amusement aircraft that rotates around the vertical axis. The passengers can control the lift and fall of the cabin independently, which is very interesting and stimulating at the same time. It is suitable for tourists at all ages to take.
