FLUME RIDE

Name:Flume Ride
Location:BeiJing,China

DESCRIPTION OF FLUME RIDE

The Flume Ride is a water mobile amusement equipment, which is popular in water parks and theme parks. The circuits of the ride can be several hundred meters with at least one peak. The boat will be brought up a lift o the peak of 20 meters or higher track, then rapidly falls along the track and creates a magnificent splash spray. The Flume Ride is the hottest equipment in parks during summer time mostly because of the huge splash which cools people down in the heat.
