TIME TRAVEL

Name: Time Travel
Location:SuZhou,JiangSu Province,China

DESCRIPTION OF TIME TRAVEL

To track the modern civilization, the Time Travel uses a novel design in the aspect of external selection and adopts the shape of a clock. During the operation of Time Travel, two rotary arms of the equipment drive the cabins swinging forth and back, which seems like a race against time. It brings passengers the sense of weightlessness and attracts teenagers as well as adult to try the unique riding experience.
