Product name: Corn Powder

Corn Powder Description:

Our corn flour is provided by a specialized organic cooperative farm without any pollution source. It is selected, peeled, washed, and dried in a GMP certified aseptic workshop and ground into corn-colored fine powder. It must not add any chemical additives and artificial colors. , 100% retain its original flavor!

Our corn flour is rich in fat, phosphorus and vitamin B2; it also contains linoleic acid and vitamin E, which can reduce the cholesterol level in the human body, thereby reducing the occurrence of arteriosclerosis. Corn flour contains more calcium and iron, which can prevent high blood pressure and coronary heart disease. Modern medical research has shown that corn flour is rich in glutathione, which is an anti-cancer factor, which can combine with a variety of foreign chemical carcinogens in the human body to make it detoxic and then excreted through the digestive tract.

You can use our corn flour to make corn buns, corn cakes, cornmeal omelets, cornmeal wowotou, cornmeal cakes, etc. You can also make a simple corn flour pudding with ingredients such as milk, sugar, corn flour and flavoring agents in a double steamer. To save time, you can also make a cup of corn paste breakfast with boiling water.

Ingredients: Corn Powder

Corn Powder specifications: Powder 100mesh

Corn Powder packaging:
Inner packing: 1kg/aluminum foil bag
Shockproof bubble film is adopted to strengthen protection
Outer packing: 38*38*57cm five layers corrugated carton

Shelf life: 12 months

Storage condition: store in a cool and dry place, and use it as soon as possible after opening
