Product name: Freeze-dried mango

Freeze-dried mango Description:
Freeze-dried mango is a freeze-dried crisp food. Different from traditional dried mango, it has no additives and is not fried. It is a leisure snack popular with ladies who love to lose weight and beauty.

Freeze-dried mango is rich in nutrients, including sugar, protein, crude fiber, vitamins and so on. Freeze-dried mangoes are particularly high in carotene, which is rare among all fruits.

Our freeze-dried mangoes are available in many forms, sliced, diced or powdered, to meet your needs. You can mix freeze-dried mangoes with cereal and yogurt, and it will instantly touch your taste buds and give you a wonderful taste.

Ingredients: Mango

Product Specifications: Slices 8-10mm
Dices 5*5mm 10*10mm
Powder 60mesh

Product Details：

Your smile, sweet, so gentle
My love for you day after day, across heat and cold day and night
Freeze-dried mango.
Fresh mangoes are frozen to -38 degrees Celsius and then sublimated and freeze-dried in a vacuum environment, preserving all the freshness of mangoes as before
Crisp, faint fragrance

Freeze-drying technique locks in the fruit flavor
Mango's unique fragrance and taste buds blend well
Fragrant and delicate

Gently bite down, crisp, crisp
You can clearly hear the clicks
The crunchy bits slowly melt in the mouth
Slightly sweet degree can stimulate the tip of the tongue happiness

If
To describe it as a feeling
I guess that's what first love tastes like

Freeze-drying involves freezing fruit to -38 degrees Celsius
Sublimate water from frozen fruit in a vacuum
So that the shape, color and size of the fruit are the same as fresh fruit
