Product name: Freeze Dried Noni Fruit Powder

Freeze Dried Noni Fruit Powder Description:

Noni (Morinda citrifolia), an Indian mulberry, has been widely known in Polynesia for centuries. Our freeze dried noni fruit powder is made of noni fruit freshly picked from the tree. After washing, selecting, drying, and then using advanced freeze-drying and grinding technology, it is made without additives, pigments, and pesticide residues. It is a healthy eating powder.

Our freeze dried noni fruit powder includes various terpene compounds, caproic acid and caprylic acid, vitamin C and alkaloids. However, the most famous among them is the existence of the alkaloid proxeronine, which is considered to be the precursor of Xeronine. It has been used as a body tonic for more than 2,000 years and is rich in vitamin C and natural antioxidants.

After a tiring day, I must want to eat a lot of high-calorie food to replenish physical strength at night, but it is not a good choice for beauties who need to lose weight. Our freeze-dried noni fruit powder must be a good choice for you. Add 50 grams to a cup of boiling water.
