Product name: Freeze Dried Okra

Freeze Dried Okra Description:

Our freeze dried Okra are grown, grown and matured in a greenhouse organic growth environment, and then strictly selected, using the most advanced freeze-drying (dehydration) technology in the world. This method can preserve all the freeze-dried food. Nutritional value, we guarantee no frying, no puffing, no added preservatives and artificial colors, and strive to provide customers with the safest and most guaranteed freeze-dried food!

Our freeze dried okra contains protein, fat, carbohydrates, vitamin A, vitamin B family, calcium, iron, potassium, zinc, selenium and other trace elements, as well as pectin, mucopolysaccharide and other nutrients, which can supplement the physiological needs of the human body . The vitamin C and soluble fiber contained in it can protect the skin and make the skin tender and white. In addition, freeze-dried okra contains pectin, cow lactan, etc., which can help digestion and treat gastritis and gastric ulcers. Freeze-dried okra can also supplement iron and calcium. It is a good blood supplement for guests with anemia symptoms!

You can use our freeze dried okra as an office snack, which is crispy, refreshing and not greasy. You can also mix it with morning oat milk to increase the taste and flavor of oats, or mix it with vegetable salad, stir it, it's delicious, you can choose any way of eating it, what are you waiting for?
