Product name: Freeze-dried oranges

Freeze-dried oranges Description:
Good products come from good raw materials. Oranges need to go through layers of screening, and only the ones with the best size, appearance and color will be retained. There are about 10,000 taste buds on the surface of the human tongue. Sour and sweet are the flavors that people can easily capture from the freeze-dried orange. It is a combination of sour and sweet. Freeze-dried orange adopts FD Aerospace freeze-dried process, the sweetness, nutrition and vitamin of the orange itself are retained, the weight becomes lighter and the taste is still delicious, and we absolutely do not add any preservatives and sweeteners, sugar and sulfites are not contained, you can eat with 100% confidence.

Freeze-dried oranges are rich in hesperidin, citric acid, malic acid, succinic acid, sugars, pectin and vitamin C. Sweet taste, flat sex. It has the functions of activating fluid and quenching thirst, regulating qi and regulating milk. Freeze-dried oranges are rich in various organic acids and vitamins, which can regulate human metabolism, especially beneficial to the elderly and cardiovascular patients. Fruit acid is contained in freeze-dried orange peel, can promote appetite, to the person of gastric acid inadequacy can help digest; The fiber in freeze-dried oranges helps moisten the intestines and lowers cholesterol; Freeze-dried oranges are also rich in vitamin C, which can prevent cancer.

Our freeze-dried oranges come in a variety of forms, sliced, diced or powdered, to suit all your needs.Freeze-dried oranges are used in baked goods to make delicious breads, cookies, cakes, pancakes, muffins, etc. The sweet and sour taste and bright color will increase your appetite! You can also add freeze-dried oranges to cocktails, soda and a delicious orange drink. To save time, you can also make freeze-dried orange slices or orange powder. It's simple, healthy and refreshing to get enough vitamin C every day.
