Product name: Freeze Dried Pumpkin

Freeze Dried Pumpkin Description:

Our freeze dried pumpkin adopts vacuum freeze-drying process, no frying, no puffing, no artificial coloring, no preservatives and chemical additives, and only keep the natural nutrition and flavor of fresh pumpkin. Our company has been committed to providing customers with natural, delicious, nutritious and safe freeze-dried food!

Our freeze dried pumpkin contains vitamins and pectin. Pectin has good adsorption properties, which can bind and eliminate bacterial toxins and other harmful substances in the body, such as lead, mercury and radioactive elements in heavy metals, and play a detoxification effect. It is also rich in zinc. Zinc can participate in the synthesis of nucleic acid and protein in the human body. It is an inherent component of adrenal cortex hormones and an important substance that promotes human growth and development. Therefore, freeze-dried pumpkins can not only satisfy hunger, but also have great dietary value.

Add freeze dried pumpkin to the ready-to-cook porridge to make a delicious pumpkin porridge. You can also add a wall breaker and pour an appropriate amount of milk to make a delicious pumpkin milkshake. You can also make oatmeal pumpkins with various pumpkin flavors. Make your food at will!
