Product name: Freeze Dried Taro

Freeze Dried Taro Description:

Freeze dried taro consists of high-quality, freshly harvested mature taro, which has been cleaned, trimmed, precisely cut and freeze-dried. Our freeze-dried taro is not genetically modified food. After the final drying step and before packaging, the product will also be inspected and passed through magnets, metal detectors and X-ray inspectors to remove ferrous and non-ferrous metal contaminants. Guarantee to provide customers with 100% assured freeze-dried food.

Our freeze dried taro is a low fat, low dietary fiber, low cholesterol, low vitamin A, low carotene, low retinol, low riboflavin food. It is very suitable for people with high cholesterol, high blood fat, and constipation. For customers with poor gastrointestinal conditions, you often eat our freeze-dried taro without any reaction to acid reflux or bloating.

Freeze dried taro can be used in a variety of applications, including fast food, instant noodles, baking, mixed seasonings, salads, sauces, soups and stews, pasta products, potato chips and snacks, cheese and dairy products. It is an edible product. You can make delicacies according to different recipes according to personal needs.
