Product name: Freeze Dried Waxberries

Freeze Dried Waxberries Description:

Our freeze dried waxbayberry is completely dried and dehydrated by advanced freeze-drying vacuum dehydration. The production process is regularly disinfected and cleaned to ensure food safety and sanitation. It is a 100% natural green freeze-dried fruit. The color is full, with the unique fragrance of bayberry, and it also retains the original nutritional elements of bayberry without adding sugar, artificial coloring and various chemical additives.

Freeze dried waxbayberry contains a variety of organic acids, and the content of vitamin C is also very rich. It can not only directly participate in the body's sugar metabolism and redox processes, improve the permeability of capillaries, but also lower blood lipids and prevent the formation of cancer cells in the body. The fruit acid contained in it has the effects of appetizing and promoting body fluids, relieving heat, and at the same time preventing the transformation of fat in sugar in the body, helping to lose weight. Waxbayberry contains vitamin C and B vitamins, which have a positive effect on cancer prevention and anti-cancer.

Our freeze dried waxbayberry must be the best snack in the office. It relieves fatigue and provides energy. It is also a great snack for recipes on the go, work or travel, and at home! Fresh and sweet taste and interesting crunch! Why not give it a try?
