Product name: Purple Potato Powder

Purple Potato Powder Description:

Our purple potato powder is made of high-quality, non-polluting purple potato, which is made by aseptic operations such as washing, dicing, drying, grinding, and drying. It will have a slight baking and pleasant sweetness. . 0% moisture, 100% non-toxic, no sugar and chemical additives. It retains its original flavor and nutritional value.

Purple potato powder is rich in protein, vitamins, amino acids and other minerals, and these substances are all essential elements for our body. In addition, it is also rich in anthocyanins. The protein and amino acids in purple potato powder are very easy to be absorbed and digested, so if you eat more purple potato, it is also beneficial to the digestion of the human body. In addition, the fat content in our purple potato powder is also very low, about 0.2 grams of fat per 100 grams of purple potato powder, and the dietary fiber in it is also very rich and easy for the body to absorb. So friends who want to lose weight can give priority to our purple potato powder.

Our purple potato powder is mainly used in pastries, but it can also be paired with many meat dishes, such as pork and poultry. It has its own sweetness and natural color, and can be used to make chocolate and even ice cream.
