165m Ferris Wheel

Name:165m Ferris Wheel
Location:HangZhou,ZheJiang Provnice,China

DESCRIPTION OF 165M FERRIS WHEEL

The 165 meters Ferris wheel is a newly developed product of our company. It contains a large rotating wheel with a diameter of about 160 meters and is installed on two large stands which are shaped like sails of a boat. It looks like a huge ship sailing out to sea, carrying a huge colorful windmill. This Ferris wheel contains 32 gondolas with a total capacity of 896 passengers. In particular, city governments always like the design of the 165 meters Ferris wheel which represents smooth sailing of the urban development.
