66m Ferris Wheel

Name:66m Ferris Wheel
Location: NanJing,JiangSu Province,China

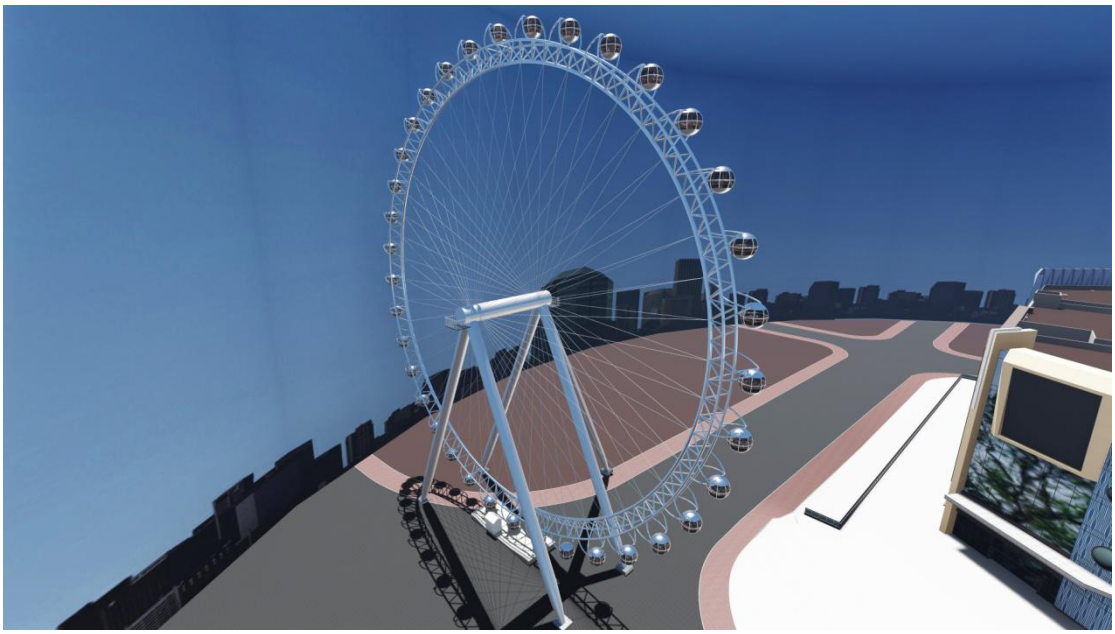

DESCRIPTION OF 66M FERRIS WHEEL

As a newly developed product of our company, the 66 meters Ferris wheel contains a rotating wheel with a diameter of about 55 meters and is installed on a floor stand composed of 5 pillars. It has 36 gondolas with beautiful shapes that accommodates 6 persons in one time. Due to the low movement, the ferris wheel can load and unload passengers without stopping. With LED lighting system equipped on the ferris wheel, a light show can always be staged to attract tourists and citizens of the area.
