HOTEC

AUTOMATIC SANITARY WARE

Automatic medical faucet ITEM: 19.121

COMPONENTS & MATERIALS

·Touchless sensor medical faucet, surface mounted.
·Highest durability and rusting resistance.
·Easy install and maintenance.
·Suitable for hotel or hospital bathrooms.
·Saving water.

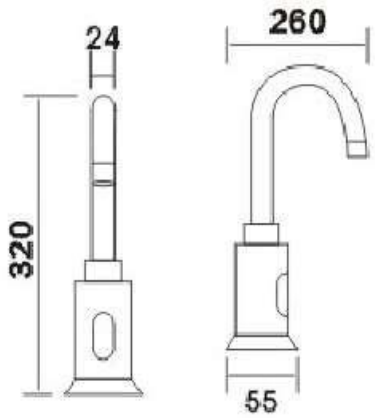

TECHNICAL SPECIFICATIONS

·Made of high quality brass, chrome finish.
·DC
·Powered with 4 "AA" batteries of 1,5 V. Life: 1 year.
(based on 200 cycles one day.)
·Suitable water pressure: 0.05-0.6 MPa
·Ambient temperature: 0-45 ℃
·Ambient humidity: ＜95%RH
·Dia.of inlet pipe: G1/2" (DN15)
·Dia.of outlet pipe: G1/2" (DN15)
·Degree of protection by enclosure: IP56
·Detection zone: 6-35cm. Preset 30cm. The date based on 30x30 cm standard white board.
·Equipped with fixing materials.

TECHNICAL SPECIFICATIONS

Power: DC
Suitable water pressure 0.05-0.6 MPa
Degree of protection by enclosure IP56
