Product name: Barley Grass Powder

Barley Grass Powder Description:
Barley grass powder barley grass powder is prepared from the dry leaves of the barley grass plant. It is an easy to digest and nutritious food. Starting from the selection of every grain, our team travels across the country to select the season's fresh and high-quality raw materials, using low temperature baking, fine grinding, and tight nutrition. We promise to create natural and nutritious food without any flavoring, coloring, preservatives or thickeners.

Barley grass powder is rich in dozens of enzymes such as potassium, calcium, magnesium, chlorophyll, carotene, vitamin B1, vitamin B2 and superoxide dismutase. As the main raw material of barley grass powder is overwintering barley, the growth cycle of winter wheat is long, generally 1.5 to 2 times as long as that of spring wheat. Fully absorb nutrients and essence of the sun and the moon, to ensure that the nutritional composition of the product is comprehensive, the nutrient content is the best in the same product. Without any harmful side effects, can strengthen the immune ability of normal cells, thereby inhibiting the generation of carcinogenic cells, effectively block the transformation and deterioration of carcinogenic cells. When reducing weight, its metabolic waste often causes acidic constitution, making people easy to feel tired, metabolic rate is reduced, the use of barley grass powder can balance the acid base value (PH value) in the body, so that weight loss is smoother and easier. Barley grass powder is a good helper for you to lose weight, because the content and ratio of various nutrients in barley grass powder is almost perfect, which is the nutritional guarantee for your weight loss process.

A large amount of dietary fiber in barley grass powder is loved by people. It can be used in drinks, cakes and other daily diets. At the same time, it can be combined with honey and yogurt to promote intestinal peristalsis and accelerate metabolism.
